

Mieye Bara-Hart

Windsor, ON | (519) 300-5629 | mieyebarahart@gmail.com

Objective

Detail-oriented science professional with experience in laboratory operations, quality assurance, data management, and regulatory documentation. Currently pursuing advanced training in Data Analytics, with strong analytical, organizational, and problem-solving skills. Seeking to influence research, data collection, and project coordination experience to contribute to high-quality clinical research and data-driven decision-making as a Research Analyst.

Qualifications & Skills

- Laboratory Techniques (Cell Culture, ELISA, HPLC, PCR, Flow Cytometry)
- Data Analysis & Interpretation
- Statistical Analysis (Excel, SPSS)
- Data Collection, Management & Documentation (LIMS, Excel)
- Professional Verbal & Written Communication
- Problem-Solving & Critical Thinking
- High-Volume, Fast-Paced Workflows & Attention to Detail
- Time Management & Organization
- SOP / Policy Adherence & Compliance
- Teamwork & Cross-Functional Collaboration

Experience

Clinical Laboratory Associate

2021-2024

Daba Clinic

Nigeria

- Handled high volumes of requests, processing 50+ biological samples per day while maintaining accuracy, prioritizing urgent tasks, and meeting strict turnaround times.
- Entered and updated sensitive information in electronic systems (LIMS) with 100% traceability, demonstrating excellent data entry accuracy and respect for confidentiality.
- Explained laboratory procedures and results to colleagues in clear, non-technical language when needed, ensuring understanding and appropriate next steps.
- Resolved routine issues independently (missing information, sample identification problems, delayed results) by investigating, communicating with relevant staff, and documenting actions taken.
- Followed detailed SOPs and regulatory guidelines, showing strong discipline, reliability, and ability to work within structured processes.
- Collaborated with a multidisciplinary team, contributing to a positive, professional work environment and supporting others during high-volume periods.

Research Laboratory Assistant

2020-2022

University of Port Harcourt Teaching Hospital

Nigeria

- Supported experimental workflows involving PCR, cell culture, ELISA, and molecular diagnostics.
- Assisted in sample preparation, classification, and analysis for 50+ daily research and diagnostic samples
- Conducted statistical analysis to ensure reliability and reproducibility of experimental results.
- Contributed to data recording, analysis, and documentation in compliance with GLP standards.
- Maintained laboratory equipment, ensuring readiness for experimental procedures.
- Assisted in research activities, improving laboratory throughput and efficiency.
- Ensured strict adherence to biosafety and waste disposal protocols.

Education

Diploma In Data Analytics - Trios College, Canada- Expected Graduation - 2027

Courses: Excel, Python, SQL, Statistics

Master of Science in Clinical Biochemistry - *University of Westminster, UK* -2019

Bachelor of Science in Biochemistry - *Bowen University, Nigeria* - 2015
